(cont'd) to bed. Jim began to yell at me and chased me around the apartment. He grabbed me and threw me against a wall. He then threw me against another wall. He then threw me against the door and I collapsed. Aaron came out from his bedroom and saw me on the floor and came over to me. I asked Aaron to get my phone so I could call the police. Jim beat Aaron to the phone and kept Aaron from getting it. I left the apartment and went to a neighbor's apartment and called the police. I was at the neighbor's apartment when the police came and by that time Jim had taken Aaron and left. The police took me to a hotel for the night and suggested that I obtain a restraining order.

I am terrified that he will harm me unless he is restrained.

I believe he has a history of violence but his ex wife and his associates at HBO sports where he is a sports announcer all protect his public image. He also has been a TV announcer for the winter olympics.

I received injuries to my head, neck and back from his throwing me against the walls and the door. There was one previous very serious incident about 2 months ago when he threw me down in a New York City restaurant (observed by people at the restaurant) resulting in serious bruises.

for two weeks. The bruises extended from my neck to my tail bone. The incident was kept quiet by his associates because he was to broadcast a major fight 2 days later.

Jim agreed to counseling at that time and I determined that if it ever happened again I would take action to restrain him
