Mrs Micheline Connery

Dear Micheline,

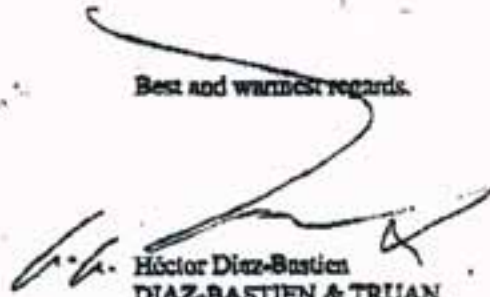

Further to our telephone conversation, I have now spoken to my partners and Luis Juega has mentioned that he has the ideal candidate 'to kill the adversary', in Sean's words. His name is Kenneth Caruso and he is a litigation lawyer exclusively. Luis has worked very well with him and we have an excellent opinion of him as a professional. Kenneth is currently with the firm of Rudolf Giuliani, the former mayor of New York. He also has good contacts and, having collaborated with Giuliani, knows the administrative mechanisms of the New York mayor's office.

I think that he is the ideal candidate to defend your legal interests and handle the legal proceedings against your horrible neighbour. Luis has called him to let him know that you would be contacting him.

Kenneth Caruso's details as follows:

Mr. Kenneth A. Caruso
Braeswell & Giuliani

Best and warmest regards.

Héctor Díaz-Bastien
