

Feel The Fire!

Dearest NAGAAA Executive Board Members, NAGAAA City Delegates, All Series 2007 Sponsors and Vendors, Coaches, Managers and Players:

On behalf of Cactus Cities Softball League and the entire Series 2007 Host Committee I would like to personally apologize for the behavior of Scott Thompson. We found his behavior to be unacceptable and not conducive to the family friendly environment that we promote within our organization. I regret that I did not pull the plug sooner and that you all were subjected to his disgusting so-called comedic routine. I assure you that the comments made by Mr. Thompson were not approved by this organization and his rude outbursts were unprofessional and unacceptable. I will be seeking a formal apology from him personally before all is said and done!

Up to that point, our event had run seamlessly from the NAGAAA Summer Meetings to the Registration at the Sheraton Crescent and the positive feedback has been overwhelming! We just hope that this one isolated incident will not taint your overall experience at the Opening Ceremonies or of the week-long event as a whole.

Thank you for your support and understanding and we look forward to a great tournament!

My Deepest Apologies,

Brandi Sokolosky

Brandi Sokolosky
